

MISSION

Preserve, Promote and Lead the Profession of Pharmacy

VISION

To be the resource for and voice of patient-focused pharmacy care in Alaska.

Strategic Goal #1

Promote and advance pharmacy practice in Alaska

Strategies:

1. Actively advance Provider Status for pharmacists by meeting with stakeholders (community, patients, providers and legislators).
2. Maintain and strengthen relationships with other healthcare associations by attending and participating in meetings, and inviting other healthcare professions to AKPhA CE.
3. Cultivate member relationships with regional legislative contacts and maintain active voice in Juneau.

Strategic Goal #2

Attract and retain more members, keep them informed, and encourage involvement.

Strategies:

1. Personal outreach to involve new and non-renewed members.
2. Continue relations with UAA/ISU Doctor of Pharmacy Program and increase Association membership overall by 5%.
3. Increase awareness of pharmacy by working with the media on current news items.
4. Publicize member achievements internally and externally including board and technician certifications.
5. Continue to develop technology options to better serve members.
6. Engage Technician Advocacy Committee.

Strategic Goal #3

Provide education, professional development resources, and knowledge for pharmacy in Alaska.

Strategies:

1. Utilize webinar system with UAA/ISU Pharmacy Program for regional/statewide engagement and CE access.
2. Develop creative and innovative networking sessions at Convention.
3. Promote joint providership opportunities to Health Systems.
4. Create more resources for community use.

Strategic Goal #4

Sustain organizational leadership and financial stability.

Strategies:

1. Develop more advertising and promotion opportunities.
2. Explore other revenue sources and member events.
3. Continually research capital improvement projects.
4. Continually develop leadership and networking opportunities within our association and with national pharmacy organizations.
5. Review and update Bylaws.

Legislative Priorities

- Actively advance Provider Status for pharmacists
