Self-Study Outcome and Learning Objectives (UAN 0139-0000-19-202-H04-P)

Knowledge-Based Activity, Target Audience: Pharmacists

Release Date 12/16/2019, Expiration Date 12/16/2022, 1.0 Hours (0.1 CEU)

Self study learning activities are designed to ensure that all participants have an introductory understanding of medical billing and pharmacist-provided healthcare services.

At the completion of this activity, the participant will be able to:

1. Describe the role of compensation for pharmacists as providers of healthcare services
2. Explain the basic components of credentialing and contracting needed to seek compensation for healthcare services from the medical benefit
3. Explain the basic principles of evaluation and management (E&M) billing and coding

Successful completion of the self-study component involves passing the online self-study assessment with a grade of 70% or higher. CPE credit will be posted to CPE Monitor within 60 days of completion

Live Workshop Outcome and Learning Objectives (UAN 0139-0000-20-100-L04-P)

Application-Based Activity, Target Audience: Pharmacists

Release Date 02/07/2020, Expiration Date 02/07/2020, 5.0 Hours (0.5 CEU)

Participants will be able to describe the basic components involved in billing the medical benefit for pharmacist-provided healthcare services focused on chronic disease management, including diabetes and cardiovascular disease, and discuss opportunities for billing in Alaska. At the completion of this activity, the participant will be able to:

1. Illustrate how to document a patient encounter using a SOAP note that supports billing the medical benefit.
2. Demonstrate coding a patient visit to obtain reimbursement from the medical benefit for pharmacist-provided healthcare services
3. Identify barriers to billing the medical benefit for pharmacist-provided healthcare services.
4. Identify opportunities to support the sustainability of pharmacist-provided healthcare services in Alaska and nationally.

Successful completion of the Live Workshop involves attending the full workshop and completing the online post evaluation by midnight on February 16, 2020. CPE credit will be posted to CPE Monitor within 60 days of completion

Faculty

Andrew Hibbard, PharmD, BCGP
Ambulatory Care Clinical Coordinator, CareOregon

Renee Robinson, PharmD, MPH, MSPHarm
