

Mission

Preserve, Promote and Lead the Profession of Pharmacy in Alaska

Vision

To be the resource for and voice of patient-focused pharmacy care in Alaska

Purpose

Advancing pharmacy

Core Values

Advocacy, Education, Collaboration, Engagement, and Integrity

Long Range Goals: 2020 - 2030

- Be the advocacy leader in Alaska supporting healthcare members through provider status reimbursement and billing implementation strategically expanding the scope of service.
- Identify and develop the next generation of professional leaders in Alaska.
 - Create a robust and sustainable award fellowship program/young leaders group with multi-tiered mentors for impact.
 - Create a technology infrastructure and social media platforms to expand/increase programs and services to members, administration, patients, and providers.
- Develop and support partnership with the University of Alaska Anchorage and the Doctor of Pharmacy Program to address job retention and recruitment through expanded roles and residency initiatives.
- Increase member participation and wellness through education and workforce opportunities.
